

To whom it may concern,

The first National Career Summit in the Eastern Anatolia region was held in 2016 and lastly the 3rd of this Career Summit, EKZ'18, was carried out in 2018 by **Erzurum Technical University**. Various companies and corporations, where 70 percent of these are national, were attended to the event. 2 impressive panels and 14 seminars were also performed in the event.

Due to our experiences, we are assigned to hold a more extensive summit, which will cover all the Eastern Anatolia region, by Presidency Human Resources Office. (The details about this assignment can be found in <http://kariyer.erzurum.edu.tr/Home/EtkinlikDetay/56>)

The “**Eastern Anatolia Regional Career Fair**” will be held on **8-9 March 2019** in Recep Tayyip Erdoğan Exposition Center, Erzurum, Turkey. Besides the participating national and international companies and corporations, we will be grateful to see you in our organization.

You can check the link: <https://kariyerfuari.erzurum.edu.tr/mobile/index.html> to register and have more information about our organization.

We are looking forward to hearing from you about your decision until 31st January 2019.

Sincerely,

Assoc. Prof. Dr. Merve Sađırođlu

Erzurum Technical University

Director of Career Planning Application and Research Center
